

**CWO (ret'd) Wayne Garry CUDMORE**

May 13, 1944 - March 30, 2020

It is difficult to believe that you left us last year. You have gone on to a better place where we are sure you are dancing up a storm with family and friends.

We are certain you are joking around, playing sports, and smiling your big smile as you watch down on us doing our daily lives. Although we have not officially held your "Celebration of Life"- we hope this will be happening in the summer (2021) if this "pandemic world" will allow it.

You have left a big space in many of our hearts; your wife Marcia, daughter Michelle, son Chris, daughter in law Miranda, grandson Jacob, granddaughters Jessica, Bethany, Eva and Emma, and a great granddaughter Haven and great grandson to be born in June who you never met.

There are countless other relatives and friends who you considered family, that are remembering you Wayne (The Cud)- for your devotion to God, quick wit, laugh, dancing, music, love of cars, fishing, racing, golfing, and curling. Rest easy Wayne, you are missed; until we meet again.
